## DISCOVER YOUR INTUITION

### Meet People with Intuition at Your Side

You meet someone for the first time or bump into someone you haven't seen in years, and you sense something about them that's pleasant or unpleasant. Your intuition communicates to you wherever you are and disregards outer appearances. No matter what they say or do, you sense their:

- Real or fake words
- True mood or personality
- Current lifestyle
- Health condition
- Hidden motive

When the conversation ends, do you sense it's good to see them or good to leave them, even if you don't know why? If it's the latter, walk away without exchanging phone numbers, to prevent chaos from entering your life.

### Intuition Exercise

Ask yourself the question:  
What will happen in my life in August?  
Keep an open mind.  
Expect an answer.  
Sense the answer.

Intuition Quote: "The only justice is to follow the sincere intuition of the soul, angry or gentle." —D.H. Lawrence

Vol. 1 Issue 8, August 2009

Angel provides messages of love, guidance, comfort, encouragement, protection, and warning. Notice when an angel appears in your intuitive messages.

- Sense how your day is going to be.
- Sense what time it is and then look at a clock.
- Sense the next two people who'll call you.
- Sense the next wonderful thing that will happen to you.

### An Intuitive Experience

#### Ancestral Talent Passed Down through a Dream

Ten-year-old accordionist, Guyland Leday, never took a music lesson in his life. The Louisiana prodigy says when he was three years old, his great grandfather, Delton Broussard, a famous accordion player, appeared in a dream and showed him how to play. "He came up in my dreams and gave me his accordion," Guyland says. "I just started playing." Since that night, he has wowed audiences throughout the Gulf Coast and appeared on the HBO special, *The Music in Me*.
